Victor Pham (Pham Hoai Linh)

7+ YEARS EXPERIENCE

Senior Quality Assurance Engineer & Test Lead

Email: phamhoailinh1995@gmail.com **Phone:** +84 559 004 399 **Location:** Ho Chi Minh City, Vietnam **LinkedIn:** in/victorpham95

Portfolio: victorpham1995.github.io/portfolio

PROFESSIONAL SUMMARY

Results-driven **Quality Assurance Lead** with over **7 years** of hands-on experience in Software Testing (Manual & Automation). Proven track record of defining comprehensive test strategies, leading high-performing QA teams of up to 10 engineers, and architecting scalable automation frameworks across **Finance, Insurance, and Automotive (AUTOSAR/ASPICE)**. Recognized with **4 consecutive FSOFT Best Performer** awards (2020–2023) and **FSOFT Platinum Club** for optimizing test coverage and ensuring mission-critical verification for Web, Mobile, Desktop, and Embedded platforms.

CORE COMPETENCIES & TECHNICAL SKILLS

QA Leadership & Strategy

Test Planning & Strategy, Team Leadership (10 QA members), Client SPOC, SRS/BRD Review, Risk Analysis, Agile/Scrum, Peer Review & Mentoring.

Test Automation Frameworks

Selenium WebDriver (Java), Cypress (TS/JS), Appium, Detox (React Native), Flutter Integration Test, Cucumber (BDD), Playwright.

API & Performance Testing

Apache JMeter (Load, Stress & Spike testing), Postman (API Collections, Newman), REST Assured, Swagger API validation.

Programming & CI/CD

Java, JavaScript/TypeScript, Python, C++, Dart, SQL, Git, Jenkins Pipeline integration, Docker, Jira, Confluence.

CERTIFICATIONS & HONORS HIGHLIGHTS

ISTQB Foundation Level (CTFL)

International Software Testing Qualifications Board Certified Tester

LOMA 281 Insurance Certification

Meeting Customer Needs with Insurance & Annuities (LOMA International)

FSOFT Best Performer (4 Consecutive Years)

Recognized for technical excellence & flawless delivery: 2020, 2021, 2022, 2023

FSOFT Platinum Club & Star Award

Top Outstanding Individual Contributor across enterprise divisions (2020–2023)

PROFESSIONAL EXPERIENCE

FPT Software — Test Lead

Dec 2024 – Jun 2025

Project: Enterprise Mobile Health Insurance Platform | Market: Hong Kong

- Directed and mentored a high-velocity 10-member QA team as the **Single Point of Contact (SPOC)** for a key Hong Kong insurance enterprise.
- Formulated the end-to-end test strategy, scope, estimation, and execution roadmap, ensuring 100% test coverage against complex business requirements (SRS, BRD).
- Streamlined test design, review standards, and defect triaging workflows, successfully decreasing defect leakage to production by over 30%.
- Acted as bridge between Client stakeholders, Product Owners, and cross-functional engineering teams in daily Agile ceremonies.

Core Tools: Test Strategy, SPOC Leadership, SRS/BRD Alignment, Jira, Agile/Scrum, Team Coaching

FPT Software — Full Stack Tester

Apr 2023 – Dec 2024

Project: Mobile Health Insurance System | Market: Australia

- Architected, developed, and maintained robust UI and functional automation test suites using **Detox, Appium, and Cucumber (BDD)** across iOS and Android platforms.
- Conducted rigorous multi-device regression and smoke testing for bi-weekly releases, identifying and resolving critical defects prior to deployment.
- Integrated automated test pipelines into **Jenkins CI/CD**, facilitating continuous test execution and automated Slack build status reporting.
- Executed in-depth API verification using Postman collections to ensure backend microservice reliability and data integrity.

Core Tools: Detox, Appium, Cucumber (BDD), Jenkins CI/CD, Jira, Postman, iOS & Android Verification

PROFESSIONAL EXPERIENCE (CONTINUED)

FPT Software — Automation Tester Oct 2019 – Apr 2023

Project: Comprehensive Insurance & Automotive Suite | Market: Vietnam & Global

- Architected scalable test automation frameworks from ground up utilizing **Selenium WebDriver (Java), Cypress**, and **Flutter Integration Test** for responsive web and cross-platform apps.
- Conducted extensive performance and stress testing campaigns with **Apache JMeter**; analyzed response times, error rates, and database bottlenecks under peak load scenarios.
- Engineered automated REST API test suites verifying HTTP status, payload schemas, authorization headers, and complex business response payloads.
- Contributed to automotive embedded software verification ensuring adherence to **AUTOSAR** standards and **ASPICE** process models with unit/integration testing.
- Awarded **FSOFT Best Performer** for 4 consecutive years (2020, 2021, 2022, 2023) and recognized in the **FSOFT Platinum Club** for outstanding contributions to software quality.

Core Tools: Selenium WebDriver, Java, Cypress, Flutter Integration, JMeter, Postman, SQL, AUTOSAR, ASPICE

HONORS & ENTERPRISE RECOGNITION

FSOFT Best Performer Award (4-Year Consecutive Winner) 2020 – 2023
Conferred for exceptional engineering output, zero defect escapes to production on major releases, and outstanding dedication across international client portfolios.

FSOFT Platinum Club Recognition 2020 – 2022
Recognized as top-tier talent within FPT Software for exemplary professionalism, technical mastery, and continuous contribution to organizational test capability growth.

FSOFT STAR Award 2023
Honored as Top Outstanding Individual Contributor for delivering breakthrough automation framework speed and reliability enhancements.

EDUCATION

Bachelor of Science in Information Technology
Ton Duc Thang University
Ho Chi Minh City, Vietnam | Major in Software Engineering

INDUSTRY DOMAINS & STANDARDS

• **Domains:** Finance & Banking, Health & Life Insurance, Automotive Embedded.
• **Methodologies:** Agile/Scrum, Waterfall, BDD (Behavior Driven Development), TDD.
• **Standards:** ISTQB CTFL, AUTOSAR, ASPICE, OWASP Top 10 Security.

LANGUAGES & PROFESSIONAL STRENGTHS

Languages:
• **English:** Professional Working Proficiency (Technical documentation, international client SPOC communication).
• **Vietnamese:** Native.

Key Strengths:
• Strong analytical mindset with rigorous attention to detail.
• Rapid adaptability to new testing frameworks and toolchains.
• Proven cross-cultural communication with international clients.
